In 1998, the Nordic institutes in Rome launched a five-year excavation project, the subject of which is a Roman villa by Lake Nemi in a locality by the name of S. Maria (Fig. 1). The field work is carried out in close collaboration with the Soprintendenza archeologica per il Lazio.

2. We would like to express our heartfelt gratitude to the soprintendente, Anna Maria Reggiani and to our local collaborator, the director of the Museo delle Navi at Nemi, Giuseppina Ghini for their openness, their confidence in, and wholehearted support for the excavation project.
